

Track Public Health Issues in the Southeastern United States

| | |
|-----------------|---|
| Project Title | Track Public Health Issues in the Southeastern United States |
| Project Summary | Create a weekly news brief on public health issues impacting the eight southeastern states (AL, FL, GA, KY, MS, NC, SC, and TN) utilizing an array of news sources. |
| Country | United States |

Project Description

Join the Region 4 team within the Office of the Assistant Secretary for Health at the U.S. Department of Health and Human Services! We focus on identifying public health challenges that impact 65 million Americans who live, work, play, and pray within the 8 southeastern states, and we share resources, tools, and strategies to address those challenges.
